

Reclamation (BOR). In September 1996 the BOR notified us they are increasing the electrical energy charge for its users. The rate was set at 12.70 mills per kilowatt hour, an increase of 19.5%. The increased electrical energy cost was absorbed by the project during the 1997 irrigation season.

The assessment rates are based on an estimate of the cost of normal operation and maintenance of the irrigation project. Normal operation and maintenance means the expenses we incur to provide direct support or benefit to the project's activities for administration, operation, maintenance, and rehabilitation. We must include at least:

(a) Personnel salary and benefits for the project engineer/manager and our employees under his/her management control;

(b) Materials and supplies;

(c) Major and minor vehicle and equipment repairs;

(d) Equipment, including transportation, fuel, oil, grease, lease and replacement;

(e) Capitalization expenses;

(f) Acquisition expenses; and

(f) Other expenses we determine necessary to properly perform the activities and functions characteristic of an irrigation project.

#### Payments

The irrigation operation and maintenance assessments become due based on locally established payment requirements. No water shall be delivered to any of these lands until all irrigation charges have been paid.

#### Interest and Penalty Fees

Interest, penalty, and administrative fees will be assessed, where required by law, on all delinquent operation and maintenance assessment charges as prescribed in the Code of Federal Regulations, Title 4, Part 102, Federal Claims Collection Standards; and 42 BIAM Supplement 3, part 3.8 Debt Collection Procedures. Beginning 30 days after the due date interest will be assessed at the rate of the current value of funds to the U.S. Treasury. An administrative fee of \$12.50 will be assessed each time an effort is made to collect a delinquent debt; a penalty charge of 6 percent per year will be charged on delinquent debts over 90 days old and will accrue from the date the debt became delinquent. After 180 days a delinquent debt will be forwarded to the United States Treasury for further action in accordance with the Debt Collection Improvement Act of 1996 (Public Law 104-134).
